Subject: Spokane Tribe WQS

Hi Jill and Kathleen,

As you know, Mike and I have concluded that, in light of Jill's permits workload, it makes sense to take the Spokane WQS submittal off her plate after this week. I truly appreciate Jill's desire/intentions to finish this action but feel its important she have the space and time to learn the permits world. Kathleen has kindly agreed to pick this project up from Jill so please work with her on the transition. Please let me or Mike know if you have any questions. Thanks.

Angela
